Stories

Nakayama Yuuji's sister did something huge completely on a whim. Now she's off and in love with a fisherman, which is why Yuuji sometimes receives bundles of fish. His sister had left behind her two children, Hayato and Kikka. Hayato was once meek and cute but he's changed, and he suddenly dyed his hair and confessed his feelings of love to Yuuji. Yuuji worried that these actions were merely part of a middle-school rebellious phase, but his younger brother Kou said otherwise. Yuuji only felt confused when Kou told him that he had never noticed Hayato's feelings. Hayato grew impatient and kissed Yuuji, and left Kikka in an uproar from having seen it. Kou, who continues to play around with girls, revealed to his old friend that his nephew might be gay. Worried, Yuuji continues on with his daily life.
